<p>Hello and thank you for looking for my page.</p>

<p>I got my license in <strong>October 2020</strong> with the call sign
<strong>F4IRX</strong>. I decided to become a ham radio operator after developing a
strong interest in radio communications.</p>

<p>I enjoy operating on multiple bands and modes. HF is my favorite when conditions
are good, but I also like local <strong>VHF/UHF</strong> activity using repeaters and
simplex.</p>

<p>I also operate a <strong>QO-100 satellite station</strong> (SSB + DATV).</p>

<p><strong>Modes:</strong></p>
